

Originally designed for the Palmetto Tatters Tat Days in 2007. Sid introduced himself at the weekend in people's salads. Another of the pests (like the flea) who seem to infect the tat days when I'm around!

**Materials required:**

2 shuttles, small amounts thread, 3 beads for the body, 1 bead for the eye.

**Abbreviations:**

SR	split ring	vsp	very small picot
Vlp	very long picot	Cl	close
MB	move bead on core thread close to previous ds (this will be on the second half of the 1st SR)	S	start
DPB	drop picot with bead – make 2 of 1st half ds, move B into position, make 2 of 2nd half ds	T & C	tie and cut

**Instructions:**

Add 3 (scintillating beads) followed by 1 bead (eye) to Sh1 thread & tie shuttles together. Put bead at back of hand & starting 1" from knot on both parts of SR – work as follows.

SR1: 2 Vlp (1" to 1½" long) 2 vsp 1 / 3 MB (core thread) 2 vsp 1 Cl. Place bead @ back of hand before starting next SR  
SR2: 1 + (vsp SR1) 2 DPB 2 vsp 1 / 1 + (vsp SR1) 4 vsp 1 Cl. Place bead @ back of hand before starting next SR  
SR3: 1 + (vsp SR2) 2 DPB 2 vsp 1 / 1 + (vsp SR2) 4 vsp 1 Cl. Place bead @ back of hand before starting next SR  
SR4: 1 + (vsp SR3) 3 DPB 3 / 1 + (vsp SR3) 6 T & C  
Tie a knot in the Vlp and trim to make the second feeler.
